

Executive Summary

2023 included the most significant program expansion in Blueprints' history. Our Chapter 1 Acute Partial Hospitalization Program grew by over 30%. Additionally, our specialized Intensive Outpatient Program (Chapter 2) grew to ensure comprehensive care transitions for more of our client community. This expansion was long-planned and served to achieve the primary goals of our Chapter 1 strategic plan. 2024 Will see the prioritization of Chapter 2, and the continued stabilization of all programs and services.

Governance

Christopher Dreisbach Is the president and sole owner of Blueprints for Addiction Recovery, Inc.

2023 Goals

Throughout 2023, we effectively met the following strategic goals:

- Expand our program capacity to accommodate over 100 clients in The Chapters Program.
- Enhance our co-occurring capabilities to deliver more consistent psychiatric and medication management supports.
- Expand diversion programs and services throughout south central PA.
